

[1:12:26 PM]

Stan

:

Honey, how does this app work

Honey, I almost died

Because

My money uncle dead

[1:12:57 PM]

Constantia

:

Money uncle??

[1:13:34 PM]

Stan

:

Yes

[1:13:51 PM]

Constantia

:

You "earn" your money with squeezing online casinos, right? 🙄

[1:13:57 PM]

Stan

:

Yes

Enlarge that

You are smart right

[1:14:20 PM]

Constantia

:

What does that uncle have to do with money?

[1:14:23 PM]

Stan

:

You can magnify what I can

If you want

Honey

[1:14:23 PM]

Stan

:

You can magnify what I can

If you want

Honey

[1:15:07 PM]

Constantia

:

Why do I get the feeling that I am suddenly sitting here at a roulette table with you?

For once, can you do things you believe and don't riddle?

Believe = promise

Is your uncle dead?

[1:17:55 PM]

Stan

:

Hi

[11:10:02 AM]

**Stan**  
:  
That Iban again pfffff I don't want to go to newspapers with Joran anymore

Hi Stan,

It has now been over two months since I last emailed you. I'll just try again. In the meantime I have continued to make a podcast around Joran van der Sloot. I am still in touch with Constantia and understand that you are too. I hope you are fine.

Like mentioned, I would like to meet you. First of all, in private. By phone or physically. I would love to come to Valkenburg. So we can sit there in a cafe or on a terrace.

I would like to make a balanced story in which I also want to let you have the floor, since the podcast is also partly about you. In what form we can always discuss, but let's start talking to each other.

Sincerely,

**Ilan Hoekstra**

[12:10:04 PM]

**Constantia**  
:  
Iban haha

Then still Ilan

[12:10:39 PM]

**Stan**  
:

[12:10:39 PM]

Stan

It is of no use to me, even more negative publicity

[12:10:43 PM]

Constantia

Just answer him anyway, at least something

Well, maybe you should reason from the perspective of Natalee?

[12:11:21 PM]

Stan

Only works out negatively

[12:11:31 PM]

Constantia

Don't think so

Truth

[12:11:37 PM]

Stan

Yes, but that grave must also be broken open

[12:11:50 PM]

Constantia

Fine, but just talk

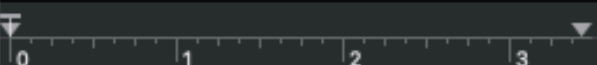

I don't know what you know, but at least more than I do

[12:12:37 PM]

Stan

Let my choice not go into it, you may have a fears reason

I don't want to be on the radio and certainly not as a friend of Joran

[12:13:02 PM]  
**Constantia**  
:  
You really are the toughest nut to crack  
ever  
👊  
Then tell me your story, what you want to  
share and / or your life story  
You offered yourself that I could know the  
truth, etc.?

[12:15:20 PM]  
**Stan**  
:  
Yes she was dumped in the grave

[12:15:29 PM]  
**Constantia**  
:  
By whom?

[12:15:31 PM]  
**Stan**  
:  
With father's help

[12:15:38 PM]  
**Constantia**  
:  
That's what I suspected!

[12:15:40 PM]  
**Stan**  
:  
And by someone else

[12:15:50 PM]  
**Constantia**  
:  
No wonder the man died prematurely  
Who is the other?

Who is the other? [redacted]

[12:16:55 PM]

Stan

:

Was smart because nobody is looking at an existing grave

Is not ethical as well

[12:17:10 PM]

Constantia

:

You haven't really said much to me so far

Who is the other? Police officer?

[redacted]

[12:17:41 PM]

Stan

:

A pimp

What happened

[12:17:50 PM]

Constantia

:

How did the father know him?

Name?

[redacted]

[12:18:03 PM]

Stan

:

Nathalie used ghb.

[12:18:10 PM]

Constantia

:

For real?

[redacted]

[12:19:02 PM]

Stan

:

They had sex on the beach with no premeditation

And Joran had to bring girls to that man, she could earn something

0 1 2 3  
And joran had to bring girls to that man,  
she could earn something

[12:19:47 PM]

Constantia

:

?

[12:19:53 PM]

Stan

:

That pimp

[12:20:05 PM]

Constantia

:

Oh!

Holy shit

[12:20:21 PM]

Stan

:

Joran delivered girls to a pimp

Too bad I didn't save that name

But then she passed out

[12:20:57 PM]

Constantia

:

Is this actually already known as theory?  
Of course I heard all kinds of stories, but  
there was and is so much

[12:20:59 PM]

Stan

:

Too much ghb

[12:21:15 PM]

Constantia

:

And then Joran called his father?

[12:21:21 PM]

And then Joran called his father?

[12:21:21 PM]

Stan

She seemed unconscious

[12:21:36 PM]

Constantia

Oh what a tragedy

[12:21:45 PM]

Stan

Yes guess how we predicate what all the details I don't know

But the put that she was already dead anyway

[12:22:05 PM]

Constantia

So the father did indeed help Joran

But was she dead from GHB?

[12:22:21 PM]

Stan

Bad enough I don't understand why they still threw a stone on her

[12:22:28 PM]

Constantia

What!

[12:22:31 PM]

Stan

Find out for sure

[12:22:34 PM]

Constantia

Holy shit

Constantia

:

Holy shit

[12:22:41 PM]

Stan

:

I don't understand why

[12:22:52 PM]

Constantia

:

They didn't know if she would wake up?

[12:22:57 PM]

Stan

:

Because you still call first aid

[12:23:03 PM]

Constantia

:

Don't understand why she had to die?

Yes indeed

Afraid of reputation damage father?

Who threw the stone?

[12:23:51 PM]

Stan

:

Don't know

He didn't tell

[12:24:14 PM]

Constantia

:

I assume Joran told you this? Or how do you know?

[12:24:53 PM]

Stan

:

[12:24:53 PM]

Stan

:

Because I also hacked and [listened?] to everything

I can get into PCs which I no longer do

[12:25:12 PM]

Constantia

:

Opgeluid?

Do you mean eavesdropping?

But when did you do this? Which year?

[12:26:22 PM]

Stan

:

Yes, that is also possible via PC, but you do not need to be present with a keylogger

It's actually plain murder

[12:26:45 PM]

Constantia

:

But were you there in Aruba?

[12:26:47 PM]

Stan

:

Ghb or not

[12:27:14 PM]

Constantia

:

Do you still have those files?

[12:27:21 PM]

Stan

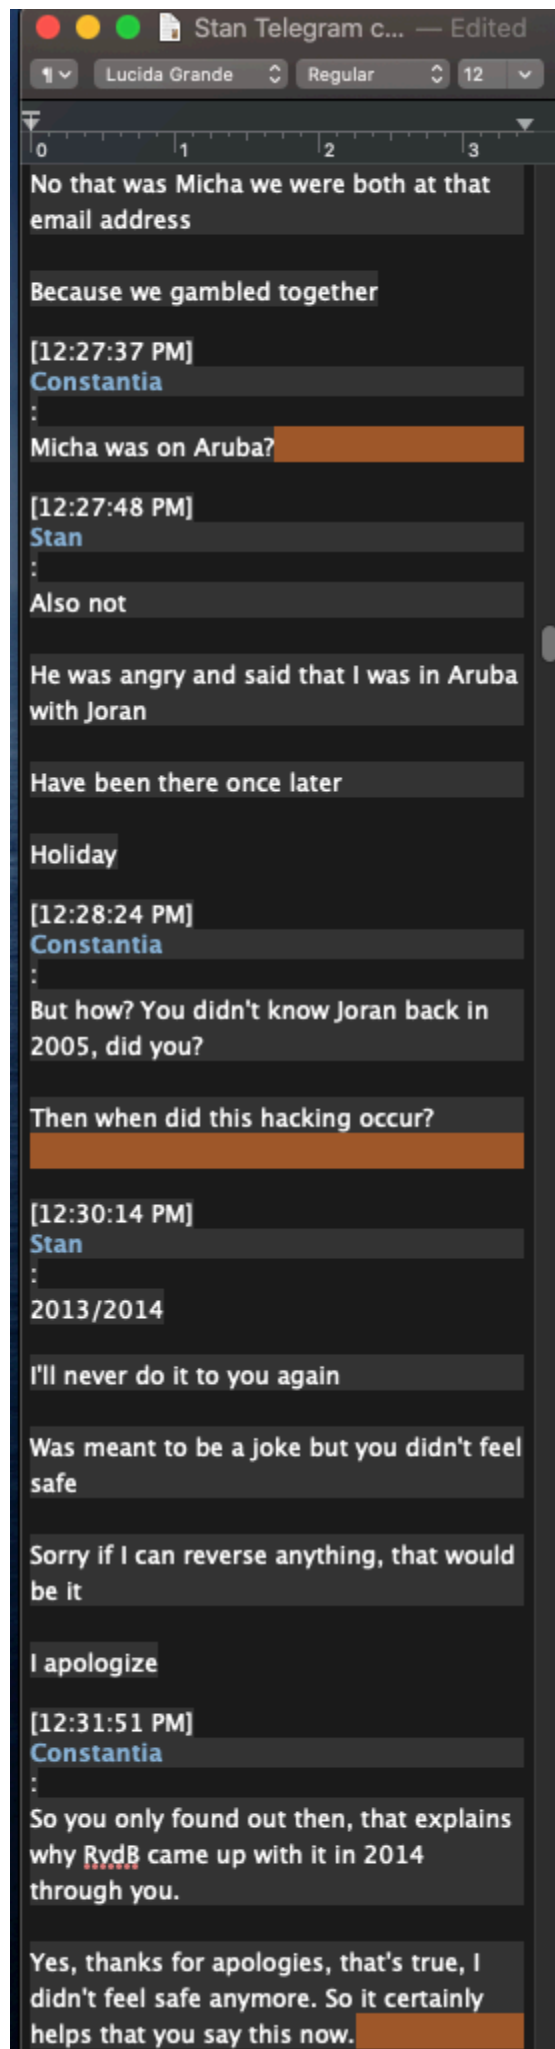

:

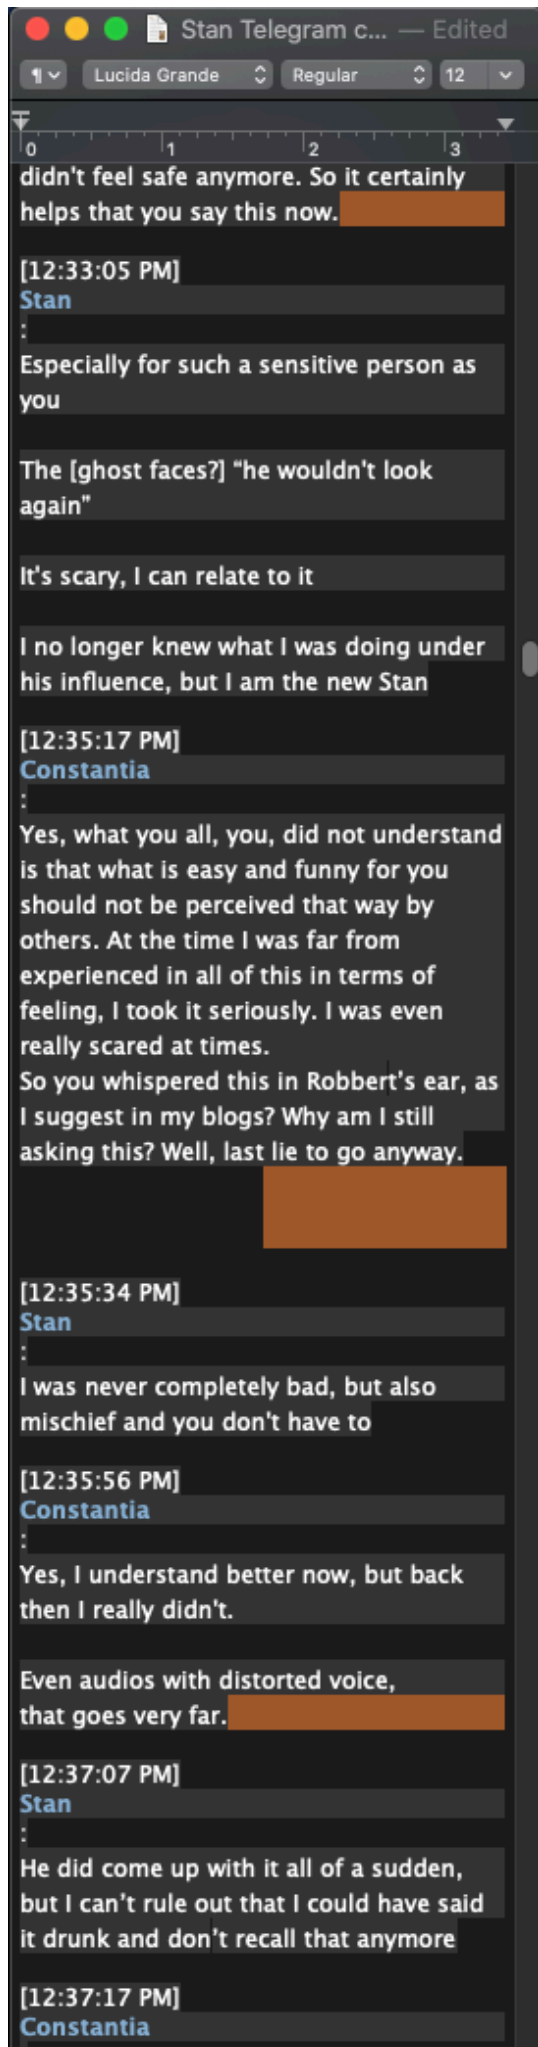

No that was Micha we were both at that email address

Because we gambled together

[12:27:37 PM]

Constantia

didn't feel safe anymore. So it certainly helps that you say this now.

[12:33:05 PM]

Stan

Especially for such a sensitive person as you

The [ghost faces?] "he wouldn't look again"

It's scary, I can relate to it

I no longer knew what I was doing under his influence, but I am the new Stan

[12:35:17 PM]

Constantia

Yes, what you all, you, did not understand is that what is easy and funny for you should not be perceived that way by others. At the time I was far from experienced in all of this in terms of feeling, I took it seriously. I was even really scared at times.

So you whispered this in Robbert's ear, as I suggest in my blogs? Why am I still asking this? Well, last lie to go anyway.

[12:35:34 PM]

Stan

I was never completely bad, but also mischief and you don't have to

[12:35:56 PM]

Constantia

Yes, I understand better now, but back then I really didn't.

Even audios with distorted voice, that goes very far.

[12:37:07 PM]

Stan

He did come up with it all of a sudden, but I can't rule out that I could have said it drunk and don't recall that anymore

[12:37:17 PM]

Constantia

[12:35:56 PM]

Constantia

:

Yes, I understand better now, but back then I really didn't.

Even audios with distorted voice, that goes very far.

[12:37:07 PM]

Stan

:

He did come up with it all of a sudden, but I can't rule out that I could have said it drunk and don't recall that anymore

[12:37:17 PM]

Constantia

:

Yup

[12:37:30 PM]

Stan

:

Anyway

[12:37:33 PM]

Constantia

:

That will be it,

[12:37:44 PM]

Stan

:

I saw God Joran's pc

But you can't hack

[12:37:55 PM]

Constantia

:

God Joran?

[12:38:03 PM]

Stan

:

Then that would also comes in the article

Then that would also comes in the article

[12:38:06 PM]

Constantia

:

oh!

[12:38:11 PM]

Stan

:

Auto correctie

Was that God

[12:38:28 PM]

Constantia

:

Who cares, people already know that about you.

Haha

[12:38:54 PM]

Stan

:

Yes and strangely not caught

[12:39:00 PM]

Constantia

:

There are things more important than the fact that you hacked.

[12:39:10 PM]

Stan

:

And because everything is waterproof

[12:39:16 PM]

Constantia

:

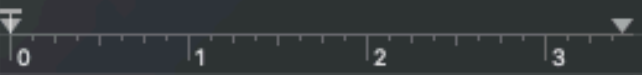

I mean in this whole case.

[12:39:36 PM]

Stan

:

I am and will never be caught, you will see

I am and will never be caught, you will see

[12:39:49 PM]

Constantia

:

So you hacked Joran! But then he was already in jail? Where?

[12:39:55 PM]

Stan

:

Not with bitcoin casinos

[12:39:57 PM]

Constantia

:

he = you

[12:40:08 PM]

Stan

:

His phone honey

[12:40:12 PM]

Constantia

:

Oh!

Yes, that explains

[12:40:24 PM]

Stan

:

Via trojan in app

Ever heard of it

[12:40:40 PM]

Constantia

:

But you were friends, weren't you?

[12:42:13 PM]

Stan

But you were friends, weren't you?

[12:42:13 PM]

Stan

:

I gave him a naive [side?] when he was not found guilty of the one someone is innocent until proven guilty

I tried to put him on the right track

Really is true

But after that 2nd murder it was over

He also blackmailed me

Before already

[12:43:52 PM]

Constantia

:

I believe you, but from your activities it is of course difficult for the outside world to understand.

[12:44:02 PM]

Stan

:

What I was sensitive to as a scaredy-cat

[12:44:12 PM]

Constantia

:

But how, except with those casinos?

Yes

[12:44:31 PM]

Stan

:

Especially those casinos

When I finally stopped paying

[12:45:11 PM]

Constantia

:

And then you came up with it yourself, yes, I would have done that.

0 1 2 3  
And then you came up with it yourself,  
yes, I would have done that.

[12:45:11 PM]

Stan

:

It came

Smart move, huh

[12:45:41 PM]

Constantia

:

I also can't stand it when people start  
threatening with something.

Yes, just the truth.

[12:45:55 PM]

Stan

:

Then it no longer has news value.

[12:46:00 PM]

Constantia

:

Correct

[12:46:12 PM]

Stan

:

Because I already came up with it

Otherwise they would keep pushing

[12:46:22 PM]

Constantia

:

But was that the only thing? That he  
knows about you?

[12:46:34 PM]

Stan

:

Yes

Le'me think

0 1 2 3  
:  
Yes

Le'me think

Nothing sensitive, I only play casino

Really is

[12:48:08 PM]

Constantia

But what is very important: do you still have the files from Joran's phone?

[12:48:39 PM]

Stan

I hate crime

[12:49:21 PM]

Constantia

Then this will be taken more seriously if it is picked up. Haha, but not lifting casinos? So you see that differently?

Do you have those files or whatever? Give them to me?

[12:50:12 PM]

Stan

I'm not going to scam civilians

Or someone who has 1000 in savings account

Robbing

[12:51:19 PM]

Constantia

Yes .. that would be bad

[12:51:42 PM]

Stan

Yes and from a casino that makes millions of turnover per month
